ABOUT THE USER MANUAL

This user manual contains about the application, the system requirements and list of features of the application.

ABOUT THE APPLICATION

Bookmark+ is an “digital bookmark” application where users can save the author's name, title of the book, and what page he/she stopped. The user can also browse the list of the books saved. It is a great help to students, teachers, and overall people who love to read because this way they can quickly note what book, author, and page where they left off.

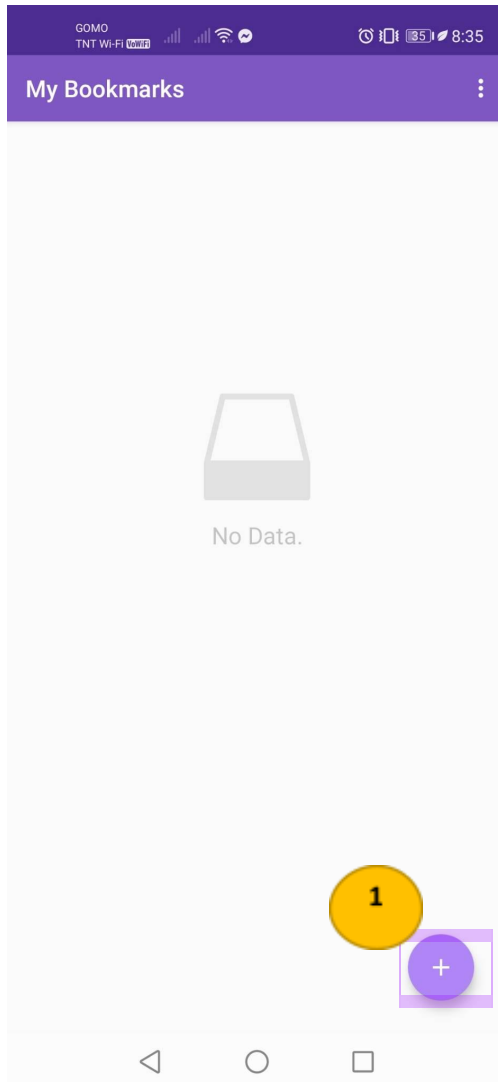

SYSTEM REQUIREMENTS

- Android 5.0 above
- 20MB of free space
- At least 1GB of RAM
